

WELCOME TO WORSHIP

Happy 108th Birthday, Gertie
from your church family

TODAY'S THEME IS - "Seasons of life- why worry?"

After the Family Fun Day event yesterday, today we are hosting a young family interactive service. Each of us will have the opportunity to take stock and think about the season of life we are in at the moment and what situations or people are worrying us.

As Christians we believe the God who made us and knows us better than ourselves, cares about us even the small details. How often do we sweat the small details? How often do we worry and get anxious about the bigger mountain details? Peter, one of Jesus' disciples wrote, "Cast all your anxiety on God because he cares for you." We will reflect on what this message means for us and how we can find freedom and release as we face the various seasons of life.

PARTY TIME - After the service today, we will be celebrating with Betty Fysh (88) & Gertie Booth (108) who had birthdays on Thursday. There will be cake, yummy food, tea/espresso coffee/cold drinks and even a jumping castle. I think it would be fair to excuse our birthday girls from having a jump!

THANK YOU to Di Malimonenko (Coordinator of Family Fun Day) and all our church community in stepping up to prepare, lead and share life together this weekend!
